### OSCE Permanent Council No. 1336 Vienna, 23 September 2021

#### EU statement on the State Duma, regional and local elections

**FINAL (194 words)**

1. In connection to the State Duma, regional and local elections in the Russian Federation that took place on 17-19 September, we would like to draw your attention to the following Declaration by HRVP Borrell on 20 September:
2. “The European Union regrets that Russia’s decision to severely restrict the size and format of an international OSCE/ODIHR Election Observation Mission prevented its deployment.
3. The EU takes note of independent and reliable sources reporting serious violations.
4. In the run-up to the elections, there was an increased crackdown on opposition politicians, civil society organisations and independent media outlets, as well as journalists. This resulted in the limitation of the choice for Russian voters and their ability to get full and accurate information about candidates.
5. The EU reiterates its deep concerns over the continuous pattern of shrinking space for the opposition, civil society and independent voices across Russia. The EU calls on Russia’s leadership to reverse these negative developments.
6. The Russian Federation should abide by the commitments it has assumed within the framework of the OSCE, the UN and the Council of Europe in terms of protection of human rights and democratic values”.
